ADVENTURES

WINTER 2019

BLUE BUCKS[®] ADVENTURES

Hello again, Blue Bucks[®] savers! Here we are in the middle of winter once again. There's been some fluffy white snow here and there this season, and I hope you've been lucky enough to get out and make a snowball or two.

Even with the beautiful snow, not everyone loves the cold. So in this issue of Blue Bucks Adventures, we're looking forward to the holiday that warms the heart - Valentine's Day! Whether you exchange valentines with friends at school, or spend the day seeking out your favorite heart-shaped candies, there's always fun to be had on Valentine's Day. We've even included a special Blue Bucks valentine in this issue. Simply tear along the perforation and you've got a ready-made valentine for someone special!

Between fun in the snow and your Valentine's excitement, don't forget to keep saving a little each month in your Blue Bucks account. You'll be surprised how much your account will grow over time.

See you around!
